

# **ADVENTURE SCIENCE CENTER**

**My Field Trip to Adventure Science Center**

Today, I am going to **Adventure Science Center!**  
I will know I'm there when I see the giant **pyramids.**

When my bus stops in front of Adventure Science Center, I may need to stay **sitting** in my seat while I **wait** for instructions from an adult.

A science center **staff member** may step onto the bus to **welcome** us and to go over the **rules** I will need to follow while I am at the science center. I may sit with a **quiet body** and use my **listening ears** as they speak.

The **rules** of Adventure Science Center are:

Use **walking feet**

Use an **inside voice**

**Stay** with an **adult**

Following these rules will keep me **safe** and make my teachers and Adventure Science Center's staff **happy**!

Once we exit the bus, I may be led into Adventure Science Center. I may feel **excited** when I am finally **inside** Adventure Science Center!

I may **follow** my teacher or a Science Center staff member to the first **activity**. Our first activity may be going to watch a show at the planetarium, doing a lab, watching a demonstration, or just taking some time to explore.

If I am with a group, I may not get to pick what we see or do first. It's **okay**, we may still have plenty of **time** to see everything. I will try to be **safe** and stay with my group.

If I want **help** or need to ask a **question**, I may ask Adventure Science Center's staff. They wear **blue shirts & gray jackets** with a name badge. They are always happy to help!

When it is time for **lunch**, I may go eat with my group in a **Lunch Room** or at the picnic tables **outside**. When I am done eating I may need to stay in my seat until my teacher gives me directions about what to do next.

When it is **time to go**, I may need to line up or sit with my classmates until I am told by an adult that it is time to get back on the bus.

I may wave **goodbye** and say thank you to the science center staff for a great field trip. I may have a great time at Adventure Science Center!
